FROM APPLES AND WINES TO THE WORK OF LIFE!

Get to know our family farm, taste wines of Međimurje and our apples, enjoy in health in the wine- growing landscape and the beautiful ambience of our Winery.

HAŽIĆ WINE HOUSE is located in the far north-western corner of Međimurje, along the Međimurje Wine Trail, between municipalities of Sveti Martin na Muri and Štrigova, in a place called Jurovčak, which is situated in the close proximity of Sveti Martin Spa. The hills we are positioned on overlook Sveti Martin Spa Centre, the view is mesmerizing across woods, orchards and vineyards. Therefore, the place is perfect for a holiday, having rest, sports and recreation.

Besides our primary business of producing agricultural produce, we also offer a variety of services in the Wine House for tourists. We host individual guests and groups with reservation in advance. Starting this year, we offer accommodation for campers (camper vans) in arranged lots surrounded with grape vines, on hilly territory equipped with sanitary facilities, playground, grill area and other facilities at request at our premises. The tradition of winemaking and apple production in our family dates back 30 years ago. We have recognised the business potential that wine and apple may bring to the tourist market. The level of performance of our wine offer is attributed to the attractiveness and the quality of the equipment of our wine cellar. The competitive market of today requires more than wines only, therefore we believe there needs to be other products available too. Uniqueness and personality of our wine manufacture is the key contributor to its attractiveness.

Since 2003 we have been always noticed and rewarded at wine exhibitions. We offer the following wines: Pušipel (brand wine of our Međimurje region), Graševina aged in wood, Savignon blanc (silver medal in London), Gewurtz Traminer semi-dry (late harvest), Gewurtz Traminac, semi-sweet and Gewurtz Traminer dry. NEW offer is sparkling wine „Protagonist Toni“ classic method, extra brut. We also offer cuvee “Martinovo ruho“, which is a combination of various wines.

In case you love fruit, surprise your palate with a fresh apple or apple juice or maybe a dried apple. Contribute to your health with a 100% apple vinegar.

At request, during wine tasting at our Wine House, we offer exclusively home-made delicacies (cold cuts) from Međimurje: meat „z tiblice“(from a wooden barrel, slanine (bacon spread), cheese, fresh cottage cheese topped with pumpkin oil as well as home-made apple strudle. Vegetables for seasonal salads accompanying our cold cuts have been grown in our own garden.

Reward yourself, your family or dear friends by visiting this idyllic place, taste traditional cuisine from Međimurje, taste superb wines and indulge in wine-growing landscape including the visit to our wine cellar.
